TASTING NOTES

Like walking through meadows on a perfect spring day. Guavas, granadilla and tropical fruit on introduction & on further acquaintance, peaches and crisp green apples. A zesty, full, and creamy wine with a beautifully rounded mouthfeel. End the day on your stoep with friends and the setting sun. Perfectly pair with crusty focaccia with fresh basil, sundried tomato pesto, and creamy buffalo mozzarella.

WINEMAKER'S NOTES

A great example of bottle-aged Sauvignon blanc! This is our only single vineyard wine, stainless steel fermented and left on the lees for 12 months prior to bottling. This ensures a full mouthfeel and a roundness that makes this wine particularly attractive. After bottling, we also age the wine for another 12 months before releasing it into the market.

Named for the Golden Orb spiders that make our vineyard their home. Roughly translated from ancient Greek, means "fond of spinning", a testament to the enormous webs the Golden Orbs weave. The Golden Orb spider is so called because of the colour of its silk. In the sunlight, it will attract bees drawn to the bright yellow, whereas in shade it becomes camouflaged into the foliage, thus ensnaring other insects. Just like the Golden Orb's web, this wine captures the senses.
